(LVIIth YEAR.) THE (No. 2875.)

MARYLAND GAZETTE.

THURSDAY, FEBRUARY 18, 1802.

BOSTON, February 4.

IMPORTANT.

Extract of a letter from a respectable gentleman in the Havanna, to his friend in this town, dated January 14, 1802.

"NO veſſels have been admitted to an entry here ſince the 24th ult. The number is about 50 ſail; but *laſt evening* it was agreed, that they ſhould all be admitted to an entry—and I ſhould think from this, that there will not be any difficulty in veſſels being admitted entry, for ſome time, provided they have the *Spaniſh conſul's certificate* on their invoices, which is indiſpenſably neceſſary."

We hear that Edward Preble, Eſquire, of Portland, goes on to Waſhington, to take command of the United States frigate Adams.

February 5.

We were laſt night favoured by captain M'Lellan, of Portland, with Iriſh papers to December 21, received by an arrival there. The following are the moſt material of their contents.

PARIS, November 30.

The French tribunate ratified the American treaty, eighty-four votes to three.

Fleets of merchantmen have ſailed from Holland for the Mediterranean, and from Bourdeaux for the Weſt-Indies and the Mauritius.

Three ſhips of the line were to ſail from Holland about the laſt of November, with troops, for St. Domingo; from thence to proceed to take poſſeſſion of the Dutch iſlands which are to be reſtored. The Britiſh have agreed to furniſh tranſports to convey a certain number of French troops to the Weſt-Indies.

The Stadtholder is in Germany ſeeking ſome ſuitable eſtabliſhment for himſelf and family.

About the 9th of December, a ſevere ſtorm was experienced in the Britiſh channel.

NEW-YORK, February 8.

Yeſterday arrived at this port the ſhip Benjamin Franklin, captain Senkey, in 40 days from Bourdeaux. The captain informs us that at the time of his ſailing various rumours were in circulation reſpecting the definitive treaty between France and Great-Britain, ſome of them repreſenting it as being ſigned, and others contradicting the report as groundleſs. Similar vague rumours afloat reſpecting the departure of the ſquadron for St. Domingo.

February 9.

Extract of a letter from a gentleman in Albany, dated February 4.

"Ambroſe Spencer, Eſq; is appointed to the office of attorney-general, vacated by Mr. Hoffman.

"General Armſtrong has reſigned his ſeat in the ſenate of the United States; his reſignation was this day received."

Extract of a letter from a merchant in Newport, (R. I.) to his correspondent in this city.

"By a letter juſt received from Havanna, dated January 15th, all our veſſels were on that day permitted to enter their cargoes at the cuſtom-houſe."

LATEST FROM FRANCE.

The editors of the New-York Gazette were yeſterday favoured by Mr. Dupont, who came paſſenger in the ſhip Benjamin Franklin, with Paris papers to the 9th and Bourdeaux to the 14th of December. They afford but few articles of an intereſting nature.

On the 8th of December, the miniſter of exterior relations at Paris, preſented to the firſt conſul, Mr. Livingſton, the envoy extraordinary of the United States of America to the French republic—alſo Mr. Smith, late American miniſter at the court of Liſbon.

The papers mention, that general Maſſena was nominated ambaſſador to Conſtantinople, and that he would immediately depart for his place of deſtination.

An article from Breſt mentions, that the ſquadron for St. Domingo, had made an attempt to ſail the 30th Nov. but were detained by contrary winds.

The papers make no mention of the congreſs at Amiens, or of the ſigning of the definitive treaty.

PARIS, December 8.

Legislative Body, December 6.

The order of the day was the diſcuſſion of the contemplated law relative to the convention concluded between the French republic and the United States. The tribunes, Adet, Legonidec and Felix Beaujour, developed the motives which induced the tribune to adopt it. The orator of the government not requeſting permiſſion to ſpeak, the diſcuſſion was terminated, and the project was decreed.

At Riga (Ruſſia) on the 4th November, they experienced a moſt violent ſtorm. Twenty-eight veſſels periſhed; amongſt which was an Engliſh veſſel with 11 ſeamen, all of whom, with the cargo, went to the bottom.

An article under the Conſtantinople head of the 26th of October, mentions, that ſince the reſtitution of Egypt, the price of rice and coffee fell conſiderably. The adminiſtration of Egypt is henceforth no more to be confided to beys, but to pachas, whoſe authority would be much limited. The pacha of Cairo was already appointed. Oſman Effendi and Cheirff Effendi were charged with the new organization of the country. Lord Elgin, the Engliſh ambaſſador, was ſhortly to depart for Egypt in a frigate. —Some attributed his voyage to political intereſts, and ſome merely to a voyage of curioſity. This article alſo mentions, that according to the lateſt news from Egypt, general Menou had not yet embarked with the 4500 troops that were to accompany him. Diſeaſe had retarded the embarkation.

February 10.

Captain Wilſon, who arrived here yeſterday in 39 days from Liſbon, informs, that juſt before he ſailed, 1ſt January, a Britiſh packet arrived there with the news of the ſigning of the definitive treaty between G. Britain and France.

Extract of a letter dated Paris, 3d and 5th of December, and Havre 10th.

"General Leclerc commands in chief the expedition to St. Domingo—he takes with him his family. Gen. Rochambeau, with other generals of diviſion, are under his command. Beneſech is appointed maritime prefect; De Rome, ſub-prefect, who was formerly commiſſary of the navy at Martinique. Deſperoux is chief of juſtice. The civil adminiſtration will be organized when tranquillity is reſtored to the iſland, and ſo much the worſe will it be for thoſe, who may be found in oppoſition to the arrangements of the French government, who has the beſt diſpoſions for the eſtabliſhment of the iſland.

"It appears that the Spaniſh government is fitting out a ſquadron, deſtined to take poſſeſſion of the Spaniſh part of St. Domingo."

Dewitt Clinton, Eſq; it is generally believed in Albany, will ſucceed gen. Armſtrong, as ſenator from this ſtate in the ſenate of the United States.

February 11.

A letter received in town yeſterday, by the brig Waſhington, in 15 days from Havanna, mentions, that a few days previous to the ſailing of the ſaid brig, five Spaniſh ſhips of war had arrived there from Spain; and it was rumoured that all American veſſels then in port would be ſhortly ordered away, and no more permitted to enter.

A letter from Bourdeaux, dated 15th November, received by the Ceres, ſays, "*Touſſaint Louverture* is appointed counſellor of ſtate."

M. Otto has been appointed by the French premier conſul, miniſter plenipotentiary to the Britiſh court. Some conceive the appointment temporary, that the office is intended for Joſeph Buonaparte, and that M. Otto will yet be appointed miniſter to the United States.

Extract of a letter from a gentleman of the first respectability in Amsterdam, to a merchant in this city. In ſpeaking of the peace, he obſerves,

"It is ſuppoſed that the navigation of Antwerp will be again ſhut, which will prove very advantageous to this place—and that Brabant will be reſtored to Auſtria, which will be a loſs to France, and of courſe will operate favourably to Great-Britain. Should the port of Antwerp be ſhut, Amſterdam will again flouriſh, and become the grand *depot* of Germany for all American produce. If not, Antwerp will flouriſh, and Amſterdam will dwindle to nothing."

We have ſeen another letter from Amſterdam, which ſays, "All ſquare-rigged American veſſels are in demand, as our merchants are obliged to purchaſe foreign bottoms."

PHILADELPHIA, February 10.

Extract of a letter from a respectable commercial house in London, to another in New-York, dated Dec. 4, 1801.

A bill is now in its progreſs through parliament, to permit the importation of proviſions into this country, duty free, until the 1ſt of January, 1803. This bill will receive the king's aſſent in a day or two. Our crop has certainly been abundant; but the old ſtock being ſmall, we are of opinion conſiderable ſupplies will be wanted from abroad. Spain and Portugal are alſo in want. France may be able to feed herſelf but has nothing to ſpare. The ſame may be ſaid of Belgium. Holland is more ſhort than uſual. Supplies will be received from the Baltic and the Elbe, but ſhort of the laſt year. Upon the whole, we think there is a fair opening in Europe for the ſurplus grain of America the enſuing year, and at prices that will pay the planter well; that is to ſay, wheat, in our opinion, will not be under 56s. to 60s. per qr. Fine flour 40s. per bbl. Rice 70s. per cwt. Cotton 18d. to 2s. Sea Iſland 2 6d. if clean; Tobacco and Weſt-India produce at peace prices.

A MOST DARING HIGHWAY ROBBERY AND MURDER.

A country waggon, in which there were two men from Cheſter county, on their way home from market, was ſtopped early on Monday night, between the Centre-ſquare Engine-houſe and the middle ferry, by three foot-pads, armed with piſtols, dreſſed in dark blue round about jackets or ſpencers. When the waggon ſtopped, they told the countrymen that they muſt inſtantly deliver their money, or they would blow their brains out. While they were receiving from the perſon who ſat in the back part of the waggon the little money which he had about him (amounting to four ſhillings) the one who held the reins, and ſat on the front ſeat, expoſtulated with them, and ſolicited them to deſiſt, as they were but poor men.—One of the robbers ordered him, on pain of death, to ceaſe ſpeaking; and, horrid to relate, theſe words were ſcarcely uttered before one of his bloody companions fired—the ball, it is ſaid, penetrated his heart,—he fell forward between the horſes, and inſtantly expired! On which the villains fled. We regret that we have it not in our power to give an accurate deſcription of the perſons and dreſſes of thoſe atrocious murderers.

The deceaſed was a man of good character, and has left a wife and three children to deplore their loſs.

In the legiſlature of New-York, a bill has been brought in againſt duelling.

A free port.—The port of St. John's, (Antigua) by a late act of the Britiſh parliament is continued free until the 10th of July, 1805, and the reſtriction of the exportation of European commodities to other Britiſh iſlands is taken off.

AUGUSTA, January 27.

Laſt evening was committed to gaol in this place, William Fuller, poſt rider, charged with robbing the mail of the United States. With the particulars of the tranſaction we are not fully acquainted—It appears that the rider was obſerved on the road travelling towards Auguſta with the mail behind him, and with the remains of ſeveral letters in his hand, which he appeared to be deſtroying—ſeveral parts of letters and poſt-bills, and one letter we found in the road, and the covering of a mail directed 'Auguſta'—theſe circumſtances induced the poſtmaſter at Columbia Court-houſe, when the rider arrived at his office, to arreſt him, when he confeſſed that a ſmall hole had been worn in the mail portmanteau, through which he contrived to get a packet or mail of letters—that out of one of the letters directed to Peterſburg, Virginia, he took 75 dollars, and out of another directed to a Mr. Rhodes, in Savanna, he took 200 dollars—the money he pocketed, and deſtroyed all the letters in that packet; 220 dollars of the money were found upon him—theſe are all the particulars at preſent within our knowledge.

☞ The poſtmaſter at Auguſta, is ſorry to have occaſion to mention, that the mail coming from the weſtern part of this ſtate, was robbed on Sunday laſt by one of the poſt riders. What letters were deſtroyed or what money taken, is not known; the rider informs that the packet from Sparta only was opened, but as he acknowledges alſo, that money was taken from a letter directed to Virginia, and alſo from one for Savanna, both of which would not probably be in the ſame mail; it is more than poſſible other mails may have been opened and their letters deſtroyed. If the poſtmaſters to the weſtward will tranſmit to this office, copies of the poſt bills ſent by that mail, ſuch letters as were miſſing for places out of this ſtate may poſſibly be aſcertained.

WM. J. HOBBY, P. M.

CHARLESTON, January 18.

Captain Freeman from Guadaloupe, ſays, that when he ſailed all was peaceable in that iſland; that general Pelage had permitted an agent from France to enter the iſland, and had conferred on him the civil government of it, but that he would not conſent to the return of admiral Lacroſſe. In anſwer publiſhed by Pelage and his aſſociates, to the manifeſto of Lacroſſe, they ſtate, that the reaſons for diſmiſſing him were, that he farmed out the impoſts of the iſland for his own emolument; that he oppreſſed the cultivators; that he had impriſoned and ſent off the iſland a number of perſons without trials, or making known the charges againſt them; in ſhort, that they were diſpoſed to be obedient to the republic of France, but they could not conſent, that a man ſhould be over them who gave no reaſons for his conduct, or under whoſe government there was no certainty how long any perſon, who might be obnoxious to him, ſhould remain on the iſland.

WASHINGTON, February 8.

THOMAS JEFFERSON,

President of the United States of America—To all whom these presents shall come, Greeting:

Don Valentine de Foranda, having produced to me his commission as consul-general of the Spanish nation within the United States of America, I do hereby recognize him as such, and do declare him free to exercise and enjoy such functionary powers and privileges, as are allowed to consuls of the said nation by the treaty subsisting between the United States and his Catholic majesty.

In testimony whereof I have caused these letters to be made patent, and the seal of the United States to be hereunto affixed.

Given under my hand at the city of Washington, the twenty-ninth day of January, in the year of our Lord, one (L. S.) thousand eight hundred and two, and of the independence of the United States of America the twenty-sixth.

TH: JEFFERSON.

By the President,
JAMES MADISON.
Secretary of State.

Extract of a letter from William Kirkpatrick, Esq; dated Malaga, 27th November, 1801, to the secretary of state.

"Commodore Dale, called in here on the 4th inst. in the frigate President, accompanied by the Philadelphia and Essex. The commodore proceeded on the 9th inst. for Mahon, to inquire into the truth of some cruisers, said to have been fitted out at that island, for the purpose of capturing American and Swedish vessels, as mentioned in the enclosed copy of a letter from our minister at Madrid. This information I now learn by a letter from Robert Montgomery, Esq; consul at Alicant, dated 12th inst. to be false. He says "the report of Tripoline cruisers having been fitted out at Mahon is false, and contradicted by the arrival of a Swedish frigate from that port, a few days ago." The Philadelphia proceeds up the Mediterranean with a convoy of American and Swedish vessels, and the Essex is now cruising in the Gut, watching the motions of the two Tripoline cruisers, laid up at Gibraltar.

"Advices from every quarter afford me room to think, that none of our vessels have yet fallen into the hands of the Tripolines, which is a flattering circumstance, considering the great number that have ventured up and down the Mediterranean, without any protection whatever. A Swedish frigate is daily expected from Alicant with a convoy bound out of the Straits, and it is said three more are on their way from Sweden."

BALTIMORE, February 12.

A freſh ſupply of the following valuable medicines:

HAMILTON's WORM DESTROYING LOZENGES.

Four years have ſcarcely elapſed ſince the introduction of HAMILTON's WORM DESTROYING LOZENGES into general uſe, yet in this ſhort period upwards of *one hundred and twenty thouſand* perſons of both ſexes, of every age, and in every ſituation have received beneſit from this extraordinary remedy, in various complaints ariſing from worms, and from obſtructions in the ſtomach and bowels.

This medicine, which is as innocent and mild, as it is certain and efficacious in its operation, cannot injure the youngeſt infant, or the moſt delicate pregnant lady, ſhould no worms exiſt in the body; but will, without pain or griping, cleanſe the ſtomach and bowels, removing whatever is foul or offenſive within, particularly that ſlimy humour from whence worms and many fatal diſorders proceed.

Children generally take this medicine with eagerneſs; having a pleaſing appearance, and an agreeable taſte.

A doſe of this medicine given occaſionally will effectually prevent the vomiting and purging of children, a dreadful diſorder which annually deſtroys thouſands of the infant part of our cities. It is likewiſe the mildeſt and moſt certain remedy known, and has reſtored to health and ſtrength a great number when in an advanced ſtage of this fatal complaint. Particular and plain inſtructions are given for every part of the neceſſary treatment in ſuch caſes.

The celebrity acquired by the Worm Lozenges, particularly in the ſtate of Maryland, renders the further publication of certificates in their favour, an unneceſſary expence.

HAMILTON's

ESSENSE AND EXTRACT OF MUSTARD,

A ſafe and effectual remedy for the rheumatiſms, gout, palſey, ſprains and bruiſes, white ſwellings, old ſtrains and relaxations, numbneſs and weakneſs of the joints, ſtiffneſs of the neck, pains of the ſide, headache, ſwelled faces, frozen limbs, and every ſimilar complaint. It prevents chilblains, or chopped hands, and the ill effects of getting wet and damp in the feet.

The extract is celebrated for removing cold and windy complaints in the ſtomach and bowels, flying pains and other ſpaſmodic affections.

The teſtimony of thouſands and daily experience, ſufficiently prove the ſuperiority of the above medicine over all others in the cure of the maladies we have enumerated.

HAMILTON's ELIXIR:

A ſovereign remedy for colds, obſtinate coughs, aſthmas, catarrhs, ſore throats and approaching conſumptions.

To parents who may have children afflicted with the HOOPING COUGH, this diſcovery is of the firſt magnitude, as it affords immediate relief, checks the progreſs and in a ſhort time entirely removes the moſt cruel diſorder to which children are liable; the Elixir is perfectly agreeable and the doſe ſo ſmall, that no difficulty ariſes in taking it.

In caſes of extremity where the long prevalence and obſtinacy of diſeaſe has brought on a general impoveriſhment of the ſyſtem, exceſſive debility of the whole frame, and a waſting of the fleſh which no nouriſhment or cordial could repair, a perſeverance in the uſe of this medicine has performed the moſt aſtoniſhing cures.

THE RESTORATIVE POWDER
FOR THE TEETH AND GUMS.

This excellent preparation comforts and ſtrengthens the gums, preſerves the enamel from decay, and cleanſes and whitens the teeth, abſorbing all that acrimonious ſlime and foulneſs, which ſuffered to accumulate, never fails to injure and finally ruin them.

THE PERSIAN LOTION,

So celebrated amongſt the faſhionable throughout Europe,

As an invaluable coſmetic, perfectly innocent and ſafe, free from any corroſive and repellent minerals, (the baſis of other lotions) and of unparallelled efficacy in preventing and removing cutaneous blemiſhes of the face and ſkin of every kind, particularly freckles, pimples, inflammatory redneſs, ſcurfs, tetters, ringworms, ſunburns, prickly heat, premature wrinkles, &c.

The Perſian Lotion operates mildly, without impeding that natural, inſenſible perſpiration which is eſſential to the health—Yet its ſalutary effects are ſpeedy and permanent, rendering the ſkin delicately ſoft and ſmooth, improving the complexion and reſtoring the bloom of youth. Never failing to render an ordinary countenance beautiful, and an handſome one more ſo.

CHURCH's GENUINE COUGH DROPS.

INFALLIBLE AGUE and FEVER DROPS.

Thouſands can teſtify of their being cured by theſe drops, after the bark and every other medicine has proved ineffectual; and not one in an hundred has had occaſion to take more than one; and numbers not half a bottle.

Extract of a letter from Dr. Henry C. Soper.

"Kent county, Delaware.

"I have given the ague drops to a number of patients this fall, and with conſtant ſucceſs; in ſome obſtinate caſes they acted like a charm; the diſeaſe yielding in a day or two to this remedy, after reſiſting the bark for months, and when they had been thrown in, in the largeſt doſes."

For the cure of venereal complaints.
